Poliform

Poliform presenta in anteprima i nuovi prodotti dedicati alla zona giorno e alla zona notte. Divani, sedute e poltrone dove design e comfort trovano il perfetto equilibrio, tavolini che spiccano per l'aspetto scultoreo e una collezione notte che celebra il legame stilistico tra i diversi ambienti della casa, reinterpretando l'estetica di Poliform in chiave lifestyle – tra qualità del design, armonia delle forme, eccellenza dei materiali e saper fare.

Poliform reveals the new products dedicated to the day area and night area. Sofas, chairs, and armchairs where design and comfort find the perfect balance, coffee tables that stand out for their sculptural look, and a night collection that celebrates the stylistic link between the various environments of the house, reinterpreting Poliform's signature style as a lifestyle – between quality of design, harmony of shapes, excellence of materials, and know-how.

2021

Insieme ai nuovi prodotti, Poliform racconta una nuova idea di stile – più morbida e contemporanea. Jean-Marie Massaud reinterpreta il living come un paesaggio domestico fatto di forme organiche e linee curve: il sistema Saint-Germain e la poltrona Le Club, affiancati dai tavolini-scultura Koishi e Orbit, trasformano ogni spazio in un luogo privato di comfort e intimità. Si amplia la collezione Seattle, che si arricchisce dello sgabello. Marcel Wanders trasporta le atmosfere della Gentleman Collection nella zona notte, traducendo l'ispirazione classica di poltrone e divani in una capsula composta di letto, comodino e comò. E se il design si fa più morbido, riacquistano centralità le sensazioni tattili, veicolate da tappeti, coperte e nuovi tessuti.

Together with the new products, Poliform tells the story of a new idea of style – softer and more contemporary. Jean-Marie Massaud reinterprets the living room as a domestic landscape made of organic shapes and curved lines: the Saint-Germain system and the Le Club armchair, joined by the Koishi and Orbit sculpture-coffee tables, transform every space into a private place of comfort and intimacy. The Seattle collection expands, enriched by the stool. Marcel Wanders transports the atmosphere of the Gentleman Collection into the night area, translating the classic inspiration of armchairs and sofas into a capsule composed of bed, night table, and chest of drawers. And while the design becomes softer, the tactile sensations regain focus through carpets, blankets, and new fabrics.

LE CLUB

Ispirata alle voluminose poltrone in cuoio dei club del secolo scorso, Le Club reinterpreta in chiave contemporanea uno degli archetipi del design. Nessun compromesso sul comfort né sulla qualità dell'esecuzione per una poltrona che alleggerisce le forme e i materiali, all'insegna di un'eleganza più disinvolta. Fra artigianalità e tecnologia, Le Club è destinata a non subire il passare del tempo, nuova icona di spazi domestici e luoghi istituzionali.

Inspired by the voluminous hide armchairs of the clubs of the last century, Le Club reinterprets one of the archetypes of design with a contemporary approach. No compromise on comfort nor on the quality of execution for an armchair that lightens the shapes and materials in the name of a more casual elegance. Between craftsmanship and technology, Le Club is destined to become timeless, a new icon of domestic spaces and institutional places.

RELIEF - CANNELÉ

La collezione di tappeti si arricchisce di due nuovi design. Disponibile nei colori perla, cammello e tortora, il tappeto Relief unisce all'effetto cannettato un decoro perimetrale, ottenuto tagliando il vello ad altezze diverse. Cannelé è invece un tappeto bicolore caratterizzato dal motivo rigato. A definire più precisamente le righe è la giustapposizione di due lavorazioni – bouclé per il nero, vello tagliato a mano per il perla. Entrambi i tappeti sono realizzati in un blend di lana himalayana e seta di bambù, che li rende morbidi e piacevoli al tatto.

The carpet collection is enriched by two new designs. Available in perla, cammello, and tortora colours, the Relief carpet combines the ribbed effect with a perimeter decoration, obtained by cutting the fleece at different heights. Cannelé is instead a two-coloured carpet characterized by a striped pattern. What further defines the difference of the stripes is the juxtaposition of two techniques – bouclé for the nero, hand-cut fleece for the perla. Both carpets are made of a blend of Himalayan wool and bamboo silk, which makes them soft and pleasant to the touch.

LINUS

La coperta Linus è in pura lana lavorata a nido d'ape, un motivo che le conferisce un aspetto materico e contemporaneo. Leggera ma calda, in versione copriletto o plaid, si abbina ai tessuti e alle pelli della collezione con una palette colori che comprende cinque varianti – latte, sabbia, granata, notte e grafite.

The Linus blanket is made of pure honeycomb wool, a pattern that gives it a material and contemporary look. Light but warm, in the version bedcover or blanket, it is designed to match the fabrics and leathers of the collection and includes five colour variants – latte, sabbia, granata, notte, and grafite.

La versatilità del sistema Saint-Germain si traduce in una grande libertà progettuale. Combinati tra loro, gli elementi danno vita a diverse composizioni – dal divano lineare alle classiche configurazioni a L. Con gli elementi freestanding, caratterizzati da linee curve, si creano invece composizioni organiche, di qualsiasi dimensione.

The versatility of the Saint-Germain system translates into great design freedom. Combined with one another, the elements give life to different compositions – from the linear sofa to the classic L-shaped configurations. With the freestanding elements, characterized by curved lines, you can instead create organic compositions of any size.

2021 FINISHINGS COLLECTION

Dalla matericità haute couture del bouclé al tocco setoso delle pelli, dalla mano cachemire delle ciniglie all'insolita freschezza dei velluti, il nuovo campionario di Poliform invita a interpretare il rivestimento come possibilità estetica e come veicolo di sensazioni visive e tattili. La selezione, frutto della ricerca stilistica e cromatica che da sempre accompagna il design, attinge alla tradizione tessile e conciaria per dare a ciascun prodotto il rivestimento giusto, sia esso un tessuto o una pelle, in linea con un'idea di stile che nell'armonia tra le tonalità, nell'eleganza degli abbinamenti e nella qualità dell'esperienza esprime il suo carattere e la sua unicità.

From the haute couture material texture of bouclé to the silky touch of leather, from the cashmere hand of chenille to the unusual coolness of velvet, the new Poliform catalogue invites you to interpret the covering as an aesthetic opportunity and as a vehicle for visual and tactile sensations. The selection, product of the stylistic and chromatic research that has always accompanied the design, draws from the textile and tanning tradition to give each product the right covering, be it fabric or leather, in line with an idea of style that expresses its character and uniqueness through the harmony between the shades, the elegance of the combinations, and the quality of the experience.
